

# GHR CRICKET

MAKING BELIVERS OUT OF DREAMERS

ESTABLISHED IN  
2020

**15 Percent Off** On Retail Prices To All  
Students.

At Victoria Park High School  
Gqeberha , South Africa.

## **HISTORY:**

Roman Sporting Equipment (Pty) Ltd was established, together with its cricket brand, GHR Cricket in 2020. The company was established amidst the devastating economic recession caused by the Covid 19 Pandemic. The company is run by the brainchild being George, together with his wife Rachael.

Cricket is George's passion amongst soccer, with a bit of rugby. Having played cricket at primary and high school in South Africa, he was unable to afford his own cricket kit and always used what was available as team kit or hand-me-downs from others, like many from similar backgrounds in South Africa. Other sports were easier to get into but building a brand in cricket was his dream. It was in searching for cricket kit as a gift to himself that the idea for GHR Cricket was born. George and Rachael undertook the task to investigate global suppliers and settled on a trusted supplier.

GHR Cricket is not only about producing the best cricket technology and quality but also about leaving a legacy. Underprivileged cricketers with talent are often not able to compete with the cricketers able to afford superior equipment. Talent only takes one part of the journey to a National Team jersey; the other part is hardwork and the last ingredient is proper equipment. GHR Cricket will seek to support players from these communities to reach their full potential, through a careful selection process.

GHR Cricket is about integrity, loyalty and the Spirit of Cricket. If you are looking for a quality product from a brand you can trust, then your journey has ended, welcome to GHR Cricket.

B-BBEE Certified.

**GHR CRICKET**

**MAKING BELIEVERS OUT OF DREAMERS**

## CRICKET BAT DESCRIPTION

- ❑ Round Handle : Allows the bottom hand to come into play more easily for aerial shots
- ❑ Flat Face : To that get great ping in the sweet spot meaning more power
- ❑ Mid Sweet Spot : A complete batter | This means if you enjoy strokes on the front and back foot | Playing on all types of wickets and the largest area for the sweet spot
- ❑ Duckbill Profile : This is the bat profile preferred by many international players due to the balance and amount of wood left in the bat in the hitting zone | Perfect for front foot players | It is designed for big hitters and for clearing the ropes effortlessly
- ❑ Slight Bow : This is a combination between the traditional and large bow which is the most common when making A cricket bat | Shapes are typically seen with A more pronounced bow enabling the sweet spot to be lower on the blade

## GHR CRICKET RECOMMENDED BAT SIZES
